

FIND BODY IN WOODS

Remains of Mrs. Rose Harthan Found in Timber South of Clear Lake

CAUSE OF DEATH UNKNOWN

She Had Gone to Drive Home the Cows and Children Found Her Dead When Sent to Search for Her—Heart Failure Most General Theory—The Case of Myra Ross at Newton.

Special to Times-Republican.

Mason City, Aug. 10.—The dead body of Mrs. Rose Harthan, wife of Henry Harthan, a farmer, was found in the Clear Lake woods south of Clear Lake. Whether the woman committed suicide, died of natural causes or was murdered is not known. There is no evidence of violence, however, and the theory of murder is not given much weight. The general belief is that she died of heart failure. She had gone to drive up the cows and not returning a search was made by the children. The coroner will investigate.

ROBBERS QUICKLY CAUGHT.

Three Daring Highwaymen Taken Into Custody at Sioux City.

Special to Times-Republican. Sioux City, Aug. 10.—Within twenty minutes of the time they robbed Lewis Gauer of about \$30 on a Milwaukee and St. Paul passenger train, entering the city from the east yesterday, John Murphy, Ed Eaton and Jim Broughan were locked up at police headquarters, where most of the money was recovered.

The men, after fleeing their companion, leaped from the moving train and hurriedly walked through town, but were captured by Detective Sergeant and Officers Carlson and Harvey at the corner of Pearl and Fourth streets.

Gauer, the victim, Murphy, Eaton and Broughan were members of a gang of workmen in charge of Contractor John Wickham, of Omaha, who was en route to west of Chamberlain to work on the extension of the Milwaukee and St. Paul to the Black Hills. He and the other became particularly intoxicated and shortly before the train reached Sioux City, Gauer fell asleep in the smoker.

With the party was another workman named James Donnelly, of 663 Manchester avenue, St. Louis. He told Detective Dineen to whom he and Contractor Wickham reported as soon as they disembarked at the Milwaukee and St. Paul depot, that Murphy robbed Gauer, while Broughan and Eaton stood by. Donnelly says he protested, but the men dashed out of the car when Gauer awoke and leaped from the train.

He furnished the chief a good description of the men. Sergeant Peirce and Officers Carlson and Harvey discovered Murphy and companions. They were escorted to police headquarters and identified by Gauer and Donnelly and Wickham.

Upon being searched only \$3.95 was found in Murphy's pockets. Sergeant Peirce was not satisfied and ordered Murphy to strip. When this was done Peirce discovered two \$20 bills tucked away in the great leather of Murphy's hat. Eaton had only 90 cents, but Jim Broughan turned up \$9.85, which he had carefully concealed.

INDICATIONS POINT TO SUICIDE.

Body of Unknown Man Found in Fairview Cemetery at Council Bluffs.

Special to Times-Republican. Council Bluffs, Aug. 10.—Lying on the grass in Fairview cemetery, the body of an unknown man was found with a bullet hole thru his left breast and a revolver lying by his side with a discharged cartridge in it. Every indication points to the suicide theory. Coroner V. L. Treynor has taken possession of the remains and will hold an inquest.

Nothing on the body tells the name or address of the dead man. Besides the revolver and some cartridges, a card of a Kansas City restaurant with an erased name on the back of it that looks like Frank Richards or Frank E. Richards is the only thing that constitutes the entire effects of the suicide. His clothes were shabby and almost ragged. Cheap striped trousers, a black well worn coat, blue cotton shirt, black slouch hat and heavy hob nailed shoes made up his wardrobe.

The body, which lies in the undertaker's room, shows a man with regular features and a well developed head and body. He had a short sandy mustache, short hair, brown eyes and regular teeth.

KNOWN IN MASON CITY.

Friends Regret Sad Ending of Life of George F. Roebuck, in Minneapolis.

Special to Times-Republican. Mason City, Aug. 10.—George F. Roebuck, who recently ended his life in Minneapolis, to save embarrassment over some trouble in settling up family matters following the deaths of his father and brother, George and Will Roebuck, a few months ago, was well and favorably known in Mason City and Cerro Gordo county. He started in the wholesale novelty business, with his brother, about ten years ago, and prospered well in Minneapolis, where they located. The mother, Mrs. George Roebuck, was at the home of her son at the time of his death.

DROPS DEAD AT HIS WORK.

Daniel Steffy, Aged 76, Dies Suddenly at Washington.

Washington, Aug. 10.—Daniel Steffy, aged 76 years, dropped dead while at work at the Rock Island pump station at the west reservoir yesterday. He was found by two boys, Donald Bell and Harry Letts, Jr., who had been fishing. The aged man was by his wheelbarrow, having just dumped a load of cinders. It is thought he had not been dead long when found. Paralysis probably was the cause of his death. Mr. Steffy had been an employee of the Rock Island Company for years. He was a native of Pennsylvania.

HAPPY HOOLIGAN ARRESTED.

"Funny Paper" Scenes Realized in Real Life at Dubuque.

Dubuque, Aug. 10.—Just as happens in the "funny paper" only the scene this time was shifted to real life. Happy Hooligan, whose real name is James Winney, was arrested here at the central engine house. Winney occupies the role whose name he bears. In one of the carnival attractions now showing here, and got into an argument with Gloomy Gus, alias Carl Ferris. From words they went to blows and the excitement was quelled by a policeman who took them in the "Procrustean Wagon" to the lock-up. In the police court they paid fines and were discharged.

REUNION AT ALDEN

Soldiers and Old Settlers Hold First Joint Reunion at That Place—Large Crowd of People in Attendance.

Special to Times-Republican.

Alden, Aug. 10.—The first joint reunion of old soldiers and old settlers of Hardin county, held here Wednesday, was an unqualified success. About 200 people were present from Eldora alone, and it is estimated that 182 came from Iowa Falls. The celebration was held on the banks of the river, in a park adjoining Alder, and elaborate decorations of red, white and blue enlivened the natural scenery. A basket dinner and supper were enjoyed, coffee, tea, sugar and cream having been provided for all.

Eldora was selected as the next place of meeting. In the afternoon an informal program of speeches was enjoyed. Mr. Turry, of Alder, giving the address of welcome. Rev. Stanley, of Eldora, made the response, an interesting speech was made by W. J. Moir, also of Eldora. Mr. Birdsell, formerly of Alder, and Rev. Robbins. The camp fire was one feature of the evening, and a magnificent display of fireworks, lasting several hundred dollars and lasting an hour, which were set off from boats on the water, afforded great enjoyment. The train left Alder at 10:30 o'clock last night.

Workman Badly Hurt.

Special to Times-Republican. Spencer, Aug. 10.—Leonard Reed, who has been employed in the foundry of the F. X. Maurer Company, recently received a bad burn. He was helping to pour molten metal into a box when it exploded and flew up in his face burning him badly. Fortunately, however, his eyes were uninjured and at present he is getting along nicely.

Caught Between Cars.

Special to Times-Republican. Lehigh, Aug. 10.—Jake Ralston, of Webster City, conductor on the accommodation train on the Crooked Creek road, was pinched between two cars at this place yesterday. Ralston was at work switching in the company's yards. His injuries, while not regarded as serious, will probably lay him up for a short time.

FROM ALL OVER IOWA

Iowa Falls. Lightning struck Mr. Sevey's house, in east Iowa Falls, last week and did considerable damage, the telephone suffering total destruction, and a screen door was demolished.

Council Bluffs. Safe blowers wrecked the safes in the offices of the Fullerton Merchandise Company at Tennant, and lumbered about \$400. Bloodhounds are on the trail of the bandits.

Gladbrook. J. B. Brand met with a severe accident Wednesday while helping J. A. Kyle put hay into the barn. In some manner he caught his hand in one of the pulleys, lacerating his fingers so badly that it was necessary to amputate the third and little fingers at the first joint.

Mt. Pleasant. The college authorities have presented the old chapel pulpit to the Colored Methodist church on Henry street. It was in fine repair, but had seen considerable service, and Rev. T. S. Pool, pastor of the Methodist circuit here, presented the college with a new one, made with his own hands, last commencement season.

Iowa City. Patrick Curry of Hardin township has filed a petition with the county clerk asking the court to grant him permission to sell his 20 acres of land. He states that he is feeble and unable to provide for his own keeping and as his wife is of unsound mind it is necessary for the court to grant him permission to sell his property.

Waterloo. Plans have almost been perfected whereby two at least of the remaining hand concerts of the season will be given from the floating pavilion in the river. The committee having in charge the event are now waiting for the contribution of one man before they will announce definitely when the concert will be held and the plans in detail.

Hilton. Joe White was instantly killed Saturday morning about 8 o'clock by a fall of slate in the Whitebreast Coal Company's mine at Hilton. He was a young man 19 years of age and a son of Wm. White of Hilton. The deceased was a timberman and was preparing to prop a place where the slate was loose when a heavy mass of the slate and rock fell on him, breaking his neck and killing him instantly.

Hiteman. George Roberts of Hiteman nearly lost his life Friday afternoon at the Wapello Coal Company's shaft No. 3. He was employed at the mine as cager at the shaft bottom and while crossing the shaft he was caught by the descending cage, which weighs nearly two tons, and crushed down into the bottom of the shaft, where he was held several minutes before he was released by a fellow workman signaling the engineer to lift the cage. When taken out he was unconscious. His head

NEW HARTFORD RAID

Sensational Seizure of Liquor During the Progress of the Carnival There

MUCH EXCITEMENT CAUSED

Combined Efforts of the Mayor, Police and Sheriff's Officers Required to Keep Crowd From Confiscating the Liquor to its Own Use—Three Big Loads of Beer

Special to Times-Republican.

Parkersburg, Iowa, Aug. 10.—Probably the biggest seizure of liquor that ever took place in Iowa was that of yesterday afternoon at New Hartford, where a carnival is in progress. It was the occasion of great excitement as it required the combined efforts of the mayor, police, county attorney, constables and two or three preachers who were the complaining witnesses to keep the crowd from stealing the beer from the wagons as it was being hauled from the saloons.

Informations had been sworn out by Rev. J. F. Ward, pastor of the Baptist church at New Hartford and Rev. S. C. Bretall, the Methodist minister at the same place, the warrant being issued by F. L. Brown, a justice at Swanton. The raid was made at 3 o'clock in the afternoon and three wagon loads of beer were seized. One load was so heavy that it took four horses to convey it and the wagon was broken down before reaching its destination. The proprietors of the saloons will be arrested and tried for illegal sale of liquors and it seems likely the liquor will be destroyed. County attorney Evans, Sheriff Johnson, Deputy Lecky and Constable Williams made the raid.

CHILD MAKES STRONG FIGHT.

The Strange Case of Myra Ross Heard at Newton.

Special to Times-Republican. Newton, Aug. 10.—Judge Clements is this morning hearing evidence in the case of Myra Ross, the girl who was arrested at the instance of her foster mother, Mrs. James Ross, of Prairie City, who seeks to have her returned to a normal school. A great deal of interest is manifested in the case owing to the fact that a brother of the girl has filed a suit asking \$5,000 damages from James Ross, the girl's foster-father, claiming criminal intimacy with the girl and abusive treatment. Witnesses this morning were on the stand to show the girl was incorrigible, but only two witnesses, Mrs. Ross and a Mrs. White, gave any testimony at all damaging to the girl. Several witnesses for the defense testified the girl was past sixteen, which would prevent her being sent to the reform school. Other witnesses testified to the girl's good reputation and apparent good behavior. They also testified that Ross

was crushed, his arm broken, and he was badly bruised about the head and body. His injuries were dressed by the local physicians and he was taken to Ottumwa on Burlington No. 4, where he is now being cared for at the hospital. Late reports from his bedside give his friends hope for his recovery. He is a married man less than 30 years old and is constable of Guilford township.

Williamsburg. O. W. Gallagher, residing near Williamsburg, suffered from a disastrous fire Monday, just about noon. His big barn and other buildings burned to the ground, and one horse was also consumed. The barn was filled with new hay and it is supposed that spontaneous combustion caused the fire. Besides this building, the flames took a double corn crib, a granary, smaller hay barn, hog house and a hay stack outside the barn.

Holstein. The directors of the Holstein Fair association met Saturday afternoon and decided to hold a fair September 18 to 21. Owing to the unfavorable weather last year the fair was not a success financially and for a time it was thought that the fair would be abandoned, but within the past few weeks \$10,000 has been subscribed by the farmers and business men to pay all floating indebtedness and place the society in good condition financially to continue the fair.

Dubuque. The back of the new brewery project, announcement of the launching of which was made last week, says that the authorized capital stock of the new concern will be \$200,000, \$125,000 of which will be paid up. The promoters plan to erect an immense plant on the site of the old Ryan packing plant, which at present is used for a store house by a harvester company. Last week it was stated that the new brewing company would occupy the Ryan building and would not erect a new plant.

Ilda Grove. A number of fields of barley and early oats have been thrashed in this locality and general reports indicate about an average yield. Barley is running from 25 to 40 and oats from 40 to 60 bushels per acre. Little of the new grain has yet been offered on the market and dealers are not in position to make a definite statement in regard to quality, but think it will be mostly of medium grade. The cutting of wheat and late oats will be nearly all finished this week. Farmers are expecting a good yield of these cereals.

West Branch. Clarence Scone, of Fairfax, who is visiting at the home of Tom Evans, residing near Oas, was badly injured by a fall from a horse Sunday, but is doing nicely now. He was racing with his host and started to ride past a gate, when the horse swerved suddenly to pass through the gate. The boy, who is 15 years of age, lost his balance and was flung heavily on the

misused the girl, chastising her with a whip and stick at 215 East wood. The testimony was not all in at 2 o'clock this afternoon, but it is certain that Judge Clements will not allow the girl to be sent back to the foster parents and it is the general belief she will not be sent to the reform school. It seems more probable the court will dismiss the case against the girl and order her sent to some other home.

CHILD SLAVE WANTS DIVORCE.

Mrs. Hazel Loraine Hellin, of Des Moines, Tells a Pitiful Tale.

Des Moines, Iowa, Aug. 10.—A child slave, if her statements are to be believed, Mrs. Hazel Loraine Hellin, aged 26, has had attorneys draw up a petition for divorce from her husband, Charles F., proprietor of a restaurant at 215 East Fifth street. For nine months out of every year for four years past, the woman says she has been forced to work from 6 in the morning until after midnight and never got a penny for it.

In addition she says her husband forces her to bear indignities forced upon her by his mother. Her health is broken and she cannot longer stand the strain she avers in the petition to be filed by McHenry & Graham tomorrow.

She went to live with the mother when she was 13 years old. Three years later Hellin married her. She asks for \$1,000 alimony and her maiden name, Hazel Voady.

WILL GO TO EAGLE GROVE.

A. M. Jones, Postal Clerk at Spencer, to be Transferred.

Special to Times-Republican. Spencer, Aug. 10.—A. M. Jones, postal clerk on the Milwaukee railway out of Algonka, has been transferred to a run on the C. & N. W. between Eagle Grove, Iowa, and Elmore, Minn. The change of run will necessitate Mr. Jones and family removal from Spencer, and they will make their home at Eagle Grove, moving about the 15th. The new run is about sixty miles long, and Mr. Jones will make it up and back each day and will be home every night and Sundays. There will be a general regret on account of the removal of this excellent family from our city.

STORM DOES DAMAGE.

Crops Near Vernon Hurt, and Flax Special to Times-Republican.

Emmettsburg, Aug. 10.—The storm near Vernon Tuesday was quite severe, and did great damage along Medium lake. E. Ferguson and D. Yaberg had their crops entirely destroyed, also considerable flax was ruined.

Sheldon Girl Will Recover. Sheldon, Aug. 10.—Miss Jennie Carden, the young lady who was thought to have been fatally injured here last Thursday by having her scalp removed in a local printing office, bids fair to recover from the awful accident which she experienced. She has displayed wonderful nerve throughout the trying ordeal and is up and around the house. From her present condition everything points to a speedy recovery. The doctors, when dressing the wound stated that if she recovered it would be nothing short of a miracle.

When you go in to collect a bill, the man at the counter is less apt to inquire about the health of your family than when you go in to pay one.

BRIDE AND GROOM PRISONERS. Des Moines Couple Paid by Friends For Practical Joke They Once Perpetrated.

Des Moines, Aug. 10.—Dr. William A. Sharp and his bride, Miss Emma Conger, a niece of Ambassador Edwin U. Conger, were kidnapped from their home here the night of their wedding and held prisoners in a strange flat for thirty hours.

This was in revenge for a joke played by Dr. Sharp and Miss Conger on friends who were married several months ago.

The Sharps had been in the house but a few minutes when a crowd entered put out the light, and forced the bride and groom into a closed carriage. The carriage was driven to a flat four miles away from East Des Moines.

There the couple were locked in darkness and pickets established outside held them prisoners.

Atlantic. The Atlantic Canning Company, the largest corn and pea canning concern in the world, will begin its annual corn pack in about ten days or two weeks. This year it is expected all former records in the amount canned will be broken. It is 8,000,000 or possibly 9,000,000 cans of corn will be packed. A large amount of new machinery has been installed this year, which will greatly aid in caring for the almost 8,000 acres of corn that is being grown for the factory. Between 500 and 600 people will be employed this year.

Oskaloosa. H. T. Gibson, the well known farmer east of town, was quite painfully injured Thursday by being gored by a fierce bull belonging to a neighbor. He was out in his pasture when the animal jumped the fence and attacked him. He was soon overpowered and knocked to the ground, where he lay unconscious for some time. The animal soon left him and as soon as Mr. Gibson was able to reach his home he came to town and was given medical attention below.

Grinnell. Frank Lindsay, a Bell Telephone Company lineman had a narrow escape last Friday. He was working at the top of one of the poles at the corner of the park and accidentally allowed the wire which he was carrying to fall across the electric light wires. He was knocked from his seat and fell, striking and breaking the wire below him. Although suffering a fall of about twenty-five feet, he was able to walk up town and have his burns dressed. His arm was blistered all over with small burns which had been caused by his receiving the heavy ray current.

* The Handy Man's shop came near being the scene of a serious accident last Saturday night when the streets were crowded with shoppers. A farmer near town had brought a shot gun to the shop to have a shell extracted which had stuck in the breach. Mr. Preston took the shell out and gave the gun back to the owner who replaced the shell in order to experiment with it himself. Without realizing that the gun was cocked he accidentally pulled the trigger and the charge emptied itself into the floor not six inches from George Knorr who was standing near by. The charge tore a hole in the floor beside his foot but none of it struck him. It was a narrow escape and one that all who witnessed will remember.

REJECT SLIMMER OFFER

Long and Bitter Litigation Likely to Result From Tax Case of Waverly Capitalist

OFFER TO SETTLE FOR \$14,000

Bremer County Supervisors Ask For \$18,000 and Reject the Compromise Proposition—The Case Likely to Go to the Supreme Court—Other News of Iowa.

Special to Times-Republican.

Waverly, Aug. 10.—Almost the entire time of the Bremer county board of supervisors at the August session was devoted to a consideration of a settlement of the Slimmer tax case. Mr. Slimmer had offered a compromise which would have netted the county about \$14,000 on its claim which aggregates \$18,000. This offer was favorably received by the attorneys representing the county in the litigation, and they advised its acceptance. J. F. Grawe, representing the Waverly district, voted to accept the tender; but Supervisors Riley Pierce and Jacob Herman thought otherwise, and voted not to settle.

As this is the last meeting of the board before the September term of court it is likely that no further attempt at compromise will be made, but that all three cases will be fought thru both the district and supreme court.

GUARD BOYS ARRESTED.

Several Members of Centerville Company at Eldon.

Eldon, Aug. 10.—Several members of the Centerville company of the Fifth regiment, I. N. G., were arrested here Tuesday night during their stop here on train, for violating the state liquor law. The boys did not reach Eldon until after 10 o'clock, but managed to find an obliging saloonkeeper, who furnished them liquid refreshments in the midst of their good time an officer appeared on the scene and took a number to the city hall. The mayor was routed from bed and brought down.

As though the boys would get the limit, when the band leader of the regiment stepped forward, baton in hand, and said:

"The court has made a great mistake. These young men are not amenable to such a charge. You have the wrong men. Where is the one who sold it after closing hours?" Justice was uppermost in the mayor's mind. He read a few seconds out of the code, looked dignified and said: "If one of you soldier boys is \$1.25 for each bottle bought, and the costs of this trial."
